The apex court drew guidelines for the management of all educational institutions to follow. Among them:

Educational institutions should take anti-ragging measures right from the time of advertisement for admissions. The prospectus, the form for admission and/or any other literature issued to aspirants for admission must clearly mention that ragging is banned in the institution and anyone indulging in it is likely to be punished appropriately which may include expulsion from the institution, suspension from the institution or classes for a limited period or fine with a public apology.

The punishment may also take the shape of: (i) withholding scholarships or other benefits (ii) debarring from representation in events (iii) withholding results (iv) suspension or expulsion from hostel or mess. If there be any legislation governing ragging or any provisions in statute/ordinance, it should be brought to the notice of the students/parents seeking admissions. A printed leaflet detailing when and to whom a victim may turn for information, help and guidance for various purposes, keeping in view the needs of new entrants, along with their addresses and telephone numbers should be given to fresher at the time of admissions so that they need not to look to seniors for help in such matters.

The objective is to ensure that the Appendix aligns with the Rights of Persons with Disabilities Act, 2016, and the Notification of Ministry of Social Justice and Empowerment dated 12 March 2024 concerning updated disability assessment standards.

2. After thorough consultations, the Interim Guidelines outlining the assessment method for admitting PwBD candidates to the MBBS course have been framed and are made implementable for the admissions in academic year 2025-26.

3. As per the Interim Guidelines, the following is the procedure for admission in MBBS Course in Academic Year 2025-26:

- PwBD candidates must submit:

## INTERIM GUIDELINES ON ASSESSMENT METHOD FOR GRANTING ADMISSION IN MBBS COURSE TO PwBD CANDIDATES FOR AY 2025-26

---

### PREAMBLE:

In pursuit of equitable and inclusive medical education, the National Medical Commission (NMC) remains steadfast in its commitment to ensuring fair access to medical courses for all eligible candidates, including Persons with Disabilities (PwD). In alignment with the provisions of the Rights of Persons with Disabilities Act, 2016, and the Graduate Medical Education Regulations, this interim report outlines the foundational framework and preparatory measures for facilitating the admission of PwBD candidates in MBBS Course.

This report serves as a step towards strengthening existing mechanisms, identifying challenges, and proposing recommendations for creating an enabling environment that upholds the principles of dignity, non-discrimination, and equal opportunity. It focuses on key aspects such as assessment of disability, eligibility criteria, reasonable accommodations, accessibility standards, and institutional readiness.

The NMC acknowledges the valuable contribution of a diverse medical workforce and envisions a system where every aspiring student, irrespective of physical or cognitive ability, is empowered to pursue a career in medicine and serve society with competence and compassion.

### 1. Introduction

In alignment with the **Rights of Persons with Disabilities (RPwD) Act, 2016**, and subsequent notifications, particularly the directive issued by the **Ministry of Social Justice and Empowerment (MoSJE)** on **12.03.2024**, which underscores the principles of inclusive education and reasonable accommodation, and the landmark judgment of the **Hon'ble Supreme Court dated 25.10.2024** in *Om Rathod vs Union of India & Others* (SLP (C) No. 21942 of 2024), a significant shift has been initiated in the national approach toward disability inclusion in higher education.

---

### 2. Functional Competency Approach

These legal and policy developments collectively emphasize the prioritization of **functional competency** over rigid **percentage-based disability thresholds**. In response, the **National Medical Commission (NMC)** has undertaken proactive measures to ease challenges faced by PwBD candidates, ensuring a fair and inclusive medical education environment. This includes facilitating reasonable accommodations, revisiting eligibility norms, and adopting evaluation criteria focused on individual capabilities.

---

### 3. Deliberations and Guideline Development

Extensive deliberations were held in various meetings of the NMC, engaging a committee of medical experts. A consensus emerged to develop a **comprehensive guideline** focused on functional ability and reasonable accommodation to enable the fair inclusion of PwBD candidates in the **MBBS program**, without subjecting them to undue hardship or exclusion.

This initiative is aimed at reinforcing existing systems, identifying practical challenges, and formulating evidence-based recommendations to build an enabling environment grounded in the principles of dignity, non-discrimination, and equal opportunity. It will focus on critical areas including disability assessment, eligibility criteria, and provision of reasonable accommodations, accessibility standards, and institutional preparedness

---

### 4. Interim Admission Approach for AY 2025-26

Defining essential competencies for each type of disability involves a very complex process which is multi-dimensional & dynamic. Assistive devices & medical technologies are also rapidly advancing & evolving. Striking a balance between inclusion and the imperatives of patient safety and clinical competence in medical education and practice is of paramount importance.

Pertinent to mention that Post Graduate medical courses shall require specialty specific deliberations, as the required competencies and skills may vary over a wider range and therefore additional consultations with medical experts/ beneficiaries/ stakeholders are needed.

In view of aforesaid facts, final guidelines after following all procedural aspects and further consultations, shall be notified & implemented from subsequent Academic Years. However, the admission process for **PwBD** candidates for **AY 2025-26** must continue uninterrupted. Accordingly, **the group of medical experts under the committee duly constituted by NMC** (under the chairmanship of **Dr. Achal Gulati**), have unanimously reached to a conclusion to adopt **interim guidelines** for admissions in AY 2025-26.

---

### 5. Functional Assessment of Disabilities

The previously mandated arithmetic **threshold** shall be no longer applicable. Instead, emphasis will be placed on assessing a candidate's **functional ability** to meet the academic and clinical demands of the MBBS course.

---

L

## 6. Mandatory Use of UDID Portal

As per **Gazette Notification S.O. 1736(E) dated 05.05.2021**, issued by the **Department of Empowerment of Persons with Disabilities (DEPwD)**, all disability certificates and UDID cards must be issued via the **UDID online portal**, effective **June 1, 2021**.

Accordingly, the UDID card has been established as a mandatory document for persons with disabilities. In this context, it may be regarded as an essential and authoritative proof for evaluating the eligibility of meritorious NEET UG candidates under the disability category..

---

## 7. Evaluation Framework Based on MoSJE Guidelines

Further in view of the paramount importance of patient safety and clinical competence, the assessment of candidates with disabilities may be conducted in accordance with the recently notified guidelines dated 12.03.2024 issued by the Ministry of Social Justice and Empowerment (MoSJE). These guidelines provide a structured and uniform framework to ensure that the evaluation of disability is both comprehensive and consistent with the responsibilities inherent to medical practice.

## 8. Institutional Responsibilities under the RPwD Act

The medical colleges as per the recommendations prescribed under RPwD Act, 2016, shall make maximum efforts in accommodating and facilitating the candidates with disabilities:

- ***Non-Discrimination in Admission and Education (Section 16):***

*Institutions must ensure that no student with a disability is denied admission on the grounds of disability and must provide an inclusive education system at all levels.*

- ***Infrastructure Accessibility (Section 45):***

*Institutions must ensure barrier-free access to buildings, classrooms, libraries, laboratories, hostels, and other facilities as per the standards notified by the Government of India.*

- ***Sensitization and Capacity Building:***

*Colleges are encouraged to conduct awareness and sensitization programs for faculty, staff, and students to promote an inclusive environment and reduce attitudinal barriers.*

- ***Nodal Officer for Disability Affairs:***

*Institutions are advised to appoint a dedicated Nodal Officer or establish a Disability Cell to address the concerns and support needs of students with disabilities.*

L

- ***Grievance Redressal Mechanism:***

*An accessible and responsive grievance redressal system must be in place to address complaints related to discrimination or lack of accommodation.*

#### 9. Decision Taken

The expert panel **unanimously agreed** on the following for MBBS admissions under the PwBD category for AY 2025–26:

- PwBD candidates must submit:
  - A **valid UDID card** issued by a designated medical authority under MoSJE.
  - **Self-Certified affidavits** in the format provided under **Schedule -I**.
  - **The candidate will have to approach the designated medical board for verification of their self-certified affidavit.**
- Designated Medical Boards (16 designated medical boards) are required to undertake following duties:
  - The competencies mentioned in the appendix under Schedule-I are basic & mandatory. The candidates, to the satisfaction of the designated medical board, may demonstrate the competencies that have been declared by him/her. If the board finds the declared competencies unsubstantiated based on the candidate's performance, it must issue a reasoned decision declaring him/her ineligible to pursue medical course.
  - If the candidate while self-declaring the essential competencies mentions one or more competencies in negative or is not able to demonstrate one or more of the listed essential competencies, the board shall see if he/she is able to compensate such deficits, by other alternative functionalities; and may take a holistic view regarding his capability to pursue MBBS course.
  - The designated medical boards may utilize standardized tests and tools to evaluate the abilities of the candidates, as per their declaration, instead of focusing on the disabilities.
  - All decisions of the designated medical board(s) shall be in the form speaking orders.

Admissions will be processed by the **counseling authority**, based on **NEET 2025 scores**, institutional preferences, and verification of required documents by the concerned designated medical board(s). Medical colleges will provide accommodations accordingly.
